Brighton Dental Care

Welcome to Brighton Dental Care—your trusted dentist for healthy smiles. Located at Building #3, Suite 103, on South Winton Road, we serve Rochester and nearby areas. With decades of experience, we prioritize your comfort and offer services in English, Urdu, Hindi, Punjabi, and Nepalese. Trust us for expert care and a rejuvenated smile.

What is Botox?

Discover a renewed and youthful aesthetic with Botox, a specialized treatment offered exclusively at Brighton Dental Care. This innovative procedure involves the precise injection of a purified protein to address various cosmetic concerns. Botox effectively relaxes specific facial muscles, minimizing the appearance of wrinkles and fine lines. Our approach is tailored to achieve natural and personalized results, helping you look and feel your best.

TREATMENT AREAS

CLINCHING AND GRINDING TEETH

Experience relief from teeth clenching and grinding with our specialized Botox treatment at Brighton Dental Care. Our expert team uses precise techniques to relax the muscles responsible for these issues, promoting a more comfortable and healthier oral environment.

Benefits

- Alleviates discomfort associated with clenching and grinding.
- Enhances overall oral health.
- Achieve a more relaxed and aesthetically pleasing smile.

Procedure

Our skilled professionals administer Botox with precision, targeting specific muscle groups to address teeth clenching and grinding effectively.

Patients can expect relief and improved oral health, enjoying a more comfortable and stress-free smile.
